

Come Explore the Virtual World of Second Life in Education

Learn more about the potential uses of **Second Life** in education. **Presentation will include an actual visit to Second Life.**

Villanova welcomes **Barton Pursel** from **Penn State University's College of Information Sciences and Technology**

Wednesday, September 26th
From 1- 2 pm
Falvey Memorial Library – Viewing Room 3

In addition to Penn State, Edinburgh University in the UK, the National Institute of Education in Singapore, Swinburne University of Technology in Australia, Seton Hall, Temple and Harvard Universities (to name just a few) are enhancing the learning experience of their students through Second Life

More information will be available at the presentation for anyone who may be interested in using Second Life in the spring semester.

Join us for this enlightening and informative presentation!

Light refreshments will be provided
Please RSVP to cit@villanova.edu
